OptYoutube - EDL

Jalani Deniran

December 31, 2024

1 Introduction

1.1 Purpose

The purpose of this document is to layout and specify the requirements for a Video-Processing/Downloading Software. EDL (Easy-Downloader), is meant and envisioned to be a terminal interfaced Multi-purpose media downloader.

1.2 Scope

The softwares' main capability is to be it's ability to download ***"any"*** media from the internet. Goals of achieving the highest performance is perplexing and is impressed on by **Jalani Deniran** (*owner/stakeholder*).
